Sec. 5.1 - Preliminary plat.

The preliminary plat shall represent the entire area, which the developer contemplates developing, including possible unit divisions not scheduled for immediate development. Copies of the preliminary plat shall be transmitted by the developer to the appropriate county agency.

The preliminary plat shall be prepared by a licensed land surveyor, registered professional engineer or licensed landscape architect and includes as a minimum the following:

1. *Content.* The preliminary plat, submitted to the planning and zoning commission shall be in ink on a reproducible medium, prepared in accordance with acceptable professional standards. The submittal copies shall consist of black-line prints or blue-line prints on a white background, and the submittal shall include such documents as necessary to meet the requirements of these regulations. If the preliminary plat is prepared by a registered professional engineer, reference must be made to the legal survey of the parcel. If the preliminary plat is not certified by a licensed land surveyor, a copy of a plat of the legal survey must be attached. The preliminary plat shall be prepared at a scale of one inch equals 100 feet or larger for a subdivision with a maximum lot size of five acres or smaller. For subdivisions with any lots exceeding five acres in area, the plat shall be prepared at a scale that will show each lot in its entirety on one single page of the plat. Any scale selected must be such as to clearly delineate setbacks, easements, rights-of-way and other required features of the drawing. Text size shall be no smaller than 0.08 inch in height and drawn to an accepted engineering scale. The drawings will be prepared on media no larger than 24 inches by 36 inches. If the entire preliminary plat cannot be depicted on one sheet, the plat may be divided and an index provided.
2. The preliminary plat shall contain the following information:
  - a. Name of subdivision.
  - b. Names and right-of-way width of all proposed streets.
  - c. Name, address and telephone number of the owner or owners of the land to be subdivided and the name, address and telephone number of the developer.
  - d. The seal, name, and address of the licensed land surveyor or registered professional engineer.
  - e. Date, graphic scale, numeric scale, north arrow and space for revisions.
  - f. Vicinity map indicating streets and highways, railroads and other significant features within, or adjacent to the proposed subdivision.
  - g. Proposed use of property to be subdivided.
  - h. Total acreage, outlet acreage if applicable and the acreage of the smallest lot.
    - i. Present zoning of subject property and adjacent properties.
    - j. The location of property with respect to surrounding streets, and the names of adjoining developments.
    - k. The location and dimensions of all boundary lines of the property to be expressed in feet.
    - l. Unit divisions if known or staged development if proposed by the developer.
  - m. Contour lines at intervals not to exceed two feet, based on mean sea level datum. The basis for development of contour lines shall be indicated on the plat.
  - n. The approximate location and sizes of existing sewers, water mains, drainage or other underground structures within, and immediately adjacent to the subject property.
  - o. The location of existing and proposed streets, easements, water bodies, flood hazard areas and flooding, streams and other pertinent features such as swamps, railroads, building parks, cemeteries, drainage ditches, bridges and rock outcrops.
  - p. Reference points from proposed intersections to permanent features.
  - q. The location and scaled dimensions of all proposed or existing lots. The minimum front yard setback on all lots and side lot setback for corner lots.
  - r. The location and scaled dimensions and acreage of all property proposed to be set aside for park or playground use, or other public or private reservation, with designation of the purpose thereof, and conditions, if any, of the dedication or reservation.
  - s. All maps or plats shall show the direction and distance from a point of reference to a point on the boundary of the individual survey, and such additional data as may be required to relocate the boundary point from the point of reference with the same degree of accuracy required of the parcel surveyed. The point of reference shall be an established, monumental position that can be identified or relocated from maps, plats, or other documents on public record.
  - t. Blocks shall be lettered in alphabetical order. Blocks in numbered additions to the subdivision bearing the same name shall be lettered consecutively throughout the several additions.
  - u. All lots in each block shall be consecutively numbered in a logical sequence.
  - v. List of proposed utilities to be located underground.
  - w. A statement of the proposed method of water supply, major drainage provisions, detention areas, and proposed sewage disposal plans. If the development is to utilize a private sewer system, all information required by the health department shall be provided.

- x. The total number of units if not a single-family subdivision.
- y. All required setback lines for all parcels.
- z. The lack of information under any item specified herein, or improper information supplied by the applicant, shall be cause of disapproval of a preliminary plat. Note: This is a temporary plat and shall not be used for final recording.

( Ord. of 8-8-2017 )
